### **Site Details Provided by CVB**

Welcome aboard! Travel back in time and around Boston escorted by your expert NXTevent staff. A city deeply rooted in history and with an abundance of culture, we will be pointing out milestone locations and highlights while presenting some of our inimitable event venues. Whether an intimate dinner with colleagues at a museum or a spectacular buyout at America's Favorite Ballpark, Boston has something for everyone in this city of firsts.

Boston Symphony Hall, home of the Boston Symphony Orchestra and Boston Pops, provides a stunning, classic venue for meetings, dinners and of course concerts. The hall was the first in the world to be designed with acoustically scientific specifications and is still considered one of the best. The perfect location to showcase a range of talents. From here, you will head to the Museum of Fine Arts. Guests will enter through the traditional entryway which conceals a spectacular site with a modern interior canvas. Galleries highlight pieces from all walks of culture, from ancient treasures to street art, allowing a wide range of inspirations for the inclined event designer. A short distance from here is the Isabella Stewart Gardner Museum which features art from the namesake's personal collection as well as a warm and inviting interior garden. The Historic Palace is complemented by a New Wing offering a range of opportunities for meetings and events. Last but not least: Fenway Park! A true classic, this site speaks to the historic sports culture in Boston. Make dreams come true by renting this for your next event!
